- I understand that all the Adult Leaders are registered with the Boy Scouts of America and that every effort will be taken to insure the safety of my Son.
- I understand that there is some risk in any Boy Scout activity and have discussed with my Son the importance of safety and following instructions from Adult Leaders for this activity. I have discussed with my Son that bad and/or dangerous behavior that puts my Son or anybody else in danger will result in him not being allowed to continue with this activity, which may require calling you, his parents to come and pick him up from this activity.
- I understand and have discussed with my son, that whenever he is in a vehicle traveling to or from a Scouting activity, all Boy Scouts are required to wear a seat belt with the belt properly fastened over his shoulder and around his waist.
